

Would you spend less
time in the kitchen?

*"Shelf Conversions has made my kitchen
more efficient and my life easier."*

— V.R.

*"We should have installed this product
many years ago—a unique concept that
eliminates clutter."*

— M.W.

*"Dollar for dollar, this is the best home
improvement I've ever made."*

— A.L.

*"My husband and I are preparing for
retirement—we're making our home more
accessible. These are a 'best buy' for us."*

— K.C.

We measure and install custom Glide-Out™
shelving units for your existing cabinets. These
easy and affordable upgrades to standard
cabinets will make your kitchen more user-
friendly and efficient.

Eliminate Chaos®
More time for life.®

Imagine all the
contents of your
kitchen cabinets
within easy reach!

Make your kitchen cabinets work for you...

Tray Bins allow for custom-spaced vertical and/or horizontal dividers.

Two Glide-Outs or three, it is entirely up to you.

Reclaim lost space in the back of **Blind Corners** as two units slide perpendicular to one another.

During your **free estimate**, our trained Glide-Out designers will measure your cabinets and develop a plan for your kitchen. Custom-built to your specifications, Glide-Out shelves are made from high-quality, eco-friendly, Baltic Birch. Each Glide-Out slides on professional grade steel rails, rated at 100 pounds.

This is an improvement you'll wonder how you lived without. Our Glide-Outs won't let a single nook or cranny go unused or out of reach. And yes, we can install our Glide-Outs in your bathroom cabinets and home office. Any place you want your shelves to glide out!
